IV. INDIVIDUAL RESEARCH PROJECTS

The Individual Research Project (IRP) will account for 40% of your academic work in the program. In order to match your background and interests with an appropriate IRP, we need some information from you.

A. Two major types of research participation are offered in the Young Scholars Program: computer-based research and laboratory or field research. If you have a clear preference, mark only that box. If you would be comfortable in either setting, mark both boxes, ranking them 1 and 2 to indicate your priority.

( ) COMPUTER-RELATED AND COMPUTER-BASED RESEARCH

( ) LABORATORY OR FIELD RESEARCH

B. Please indicate, by rank order, your top four areas of scientific interest. These choices are not binding, and more detailed descriptions will be provided if you are selected.

COMMENTS ON ABOVE MARKS:

OVER
II. Please provide your assessment of the applicant's academic abilities, motivation, intellectual breadth, special talents, and scientific/computational maturity. This recommendation is very important in the selection process. Students whose teachers take the time to write a thorough, original assessment usually fare better in the selection process. You may attach your evaluation as a separate letter.

Note: The Young Scholars Program will make every effort to accommodate disabled individuals.

YSP STIPEND APPLICATION
FOR ECONOMICALLY DISADVANTAGED STUDENTS

PLEASE NOTE: Since we are not asking for family income information, it is important that applicants who request the additional stipend do indeed have SIGNIFICANT FINANCIAL NEED, defined as being UNABLE to attend the YSP program unless such additional support is made available (see reverse side). This must be verified below by the school.

YSP STIPEND APPLICATION
FOR ECONOMICALLY DISADVANTAGED STUDENTS

The Young Scholars Program is funded by Florida State University. With this support, we are pleased to be able to offer positions for the 2007 program, covering fully the costs of room, board, and academic tuition for each participant. This amounts to a scholarship in the amount of $2800.00.

Still, it is likely that some outstanding Florida high-school students do not compete for admission to the program because they and their families cannot afford the additional expenses that must be borne by the participant. Those expenses include the following estimates:

<table>
<thead>
<tr>
<th>Expenses</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Travel to and from Tallahassee</td>
<td>$250.00</td>
</tr>
<tr>
<td>Books and academic supplies</td>
<td>$150.00</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>$400.00</strong></td>
</tr>
</tbody>
</table>

To make certain that no one is precluded from participating in the Young Scholars Program because of financial need, we are pleased to announce the availability of YSP Stipends. These stipends are to be awarded to outstanding students who are selected for participation in the 2007 Young Scholars Program, and who are verified by their high schools as having **SIGNIFICANT** financial need.

The application for the YSP Stipend (see reverse) is to be completed by the applicant and his or her parents, then submitted to the appropriate high school guidance counselor and principal for verification by the school. The verified application should be submitted with the other application documents to the Young Scholars Program at Florida State University.
