

Dear Educator,

This summer the Office of STEM Activities at Florida State University will be sponsoring Saturday-at-the-Sea Summer Day Camps (SATS Camp). This program introduces middle school students to experimental marine biology. Each camp will include up to 12 students with instructors and teachers. To be eligible, students must be Florida residents, able to swim and currently enrolled in 6th, 7th, or 8th grade.

As a science teacher, your role is very important to this program. Please nominate five of your students. We are not just looking for your best and brightest students, but also those who need encouragement to develop enthusiasm for science. We are looking for a diverse, inquisitive group of students who will benefit from SATS Camp. You are the best judge of this, so we appreciate your help!

You will need to fill out a student nomination form for each student. Additionally, each camp nominee needs a Student/Parent Application that must be completed by the student nominee with their parents or guardians. These forms are due back to you by Monday **1 May 2023**. Nominees are asked to write a brief essay explaining their reasons for wanting to attend SATS Camp. Final selection will be based on the information you, the student, and their family provide.

For a nomination to be considered, the entire application must be postmarked or emailed by Friday **5 May 2023 (please email wmtturner@fsu.edu if you need more time)**. Our preference for application submission is email. If you mail the document, please follow up with an email so we can make sure we receive your application. Applications must be sent to one of the following:

SATS Camp
1062 King Life Sciences Bldg., FSU, 319 Stadium Drive Tallahassee, FL 32306-4295
email: wmtturner@fsu.edu

If you have any questions, please contact us at wmtturner@fsu.edu. If you need additional forms, please visit the website: <https://www.bio.fsu.edu/osta/camp.php>. Thank you very much for taking the time to help students find their way to our science camp!

Sincerely,

Bill Turner
Director of SATS Camps
1062 King Life Sciences Building
319 Stadium Drive
Tallahassee, FL
32306-4295
850-644-9828

Camp Goals: Saturday-at-the-Sea (SATS) Camp provides positive, science-related experiences to encourage Florida students to seek further scientific instruction and scientific careers. We also hope to raise their environmental awareness as they learn more about coastal marine habitats.

- DATES: **June 5 – 9, June 26 – 30, July 10 – 14, July 24 – 28, July 31 – Aug 4**
- ELIGIBILITY:
 - Be a current Florida resident
 - Be currently enrolled in the 6th, 7th, or 8th grade and nominated by their current science teacher
 - Be a strong swimmer
- COST: Free
- DEADLINE: **The entire application must be postmarked by 5 May 2023**

Camp Details: Campers will conduct investigations, learn about sea creatures that live in the waters around the Florida Panhandle, and explore coastal habitats. They will be marine scientists for the week! Campers will collect data, interpret their results, and present their findings to their peers, family, and friends on the last day of the camp.

STUDENT NOMINATION FORM
Saturday-at-the-Sea Summer Camp 2023

Name: _____ Age: _____

The student is currently in the _____ grade.

School: _____

| | | |
|--|-----|----|
| Has this student ever attended the one-day Saturday-at-the-Sea (SATS) program? | Yes | No |
| Has this student ever participated in SATS Camp before? | Yes | No |
| Has the student participated in their school's science fair? | Yes | No |

Please assign a number to the student in the categories below. A score of 1 means the student has the least of the characteristic, 5 the most, and 3 in an average score for most students. Our goal is to have camps filled with compatible students who will work well together, and we will use these scores to help us select students.

| | 1 | 2 | 3 | 4 | 5 | Comments |
|------------------------|---|---|---|---|---|----------|
| Group Work | | | | | | |
| Interest in Science | | | | | | |
| Maturity | | | | | | |
| Scientific Curiosity | | | | | | |
| Critical Thinking | | | | | | |
| Diligence | | | | | | |
| Self-Control | | | | | | |
| Communication | | | | | | |
| Detail-Oriented | | | | | | |
| Observer | | | | | | |
| Scholarly | | | | | | |
| Outdoorsy | | | | | | |
| Disruptive | | | | | | |
| Gets Along with Others | | | | | | |

I would rank this student _____ out of the five students that I am nominating.
 Is there anything that we should know to inform our decision about this student?

Science Teacher Nominator Information

Teacher's Name: _____
Subject Taught: _____
School: _____
Work Phone: _____
Email: _____
How long have you known this student? _____

Please describe how this student would benefit from the SATS Camp and provide information to help us decide whether this student is selected. Admission to this camp is competitive and your input important for the selection process. Thank you for your time!

Email or mail this form **with your Student Application** filled out by the student and their parents or guardians postmarked by **5 May 2023**.

Return this form to:

FLORIDA STATE
UNIVERSITY

The COLLEGE of ARTS & SCIENCES
Office of Science Teaching Activities

Dear Parent/Guardian of a Saturday-at-the-Sea Summer Camp Nominee:

Your child has been nominated by their science teacher to participate in the Saturday-at-the-Sea Summer Camp (SATS Camp). Our Camp teaches students about coastal ecosystems and stimulates their interest in marine biology. Our Camp is a fun and challenging introduction to this exciting field. These free, week-long day camps are funded by the Office of STEM Teaching Activities at Florida State University.

Campers will work as part of a student marine biology research team studying the Gulf Coast. During camp week, we will explore marine habitats and conduct scientific studies. On the last day of camp, the students will present their research to you, other parents, and to their peers. We will also require that you and your child attend a **pre-camp orientation on Saturday, June 3, 2023 from 10:00 am - 12:00 pm.**

To give your child the best chance at being selected to participate, please help them fill out the attached student application. Please make sure that all possible dates for participation are ranked on the application form so we can try to give you the dates that work best for you. Your child should write a 500-word essay detailing their reasons for attending SATS Camp. Return the completed application to your child's teacher as quickly as possible to ensure that the entire application packet can be returned to us on time. **Students must return the student/parent portion of the application to their nominating teacher by Monday May 1, 2023.**

You will be notified **VIA EMAIL** by **Friday, May 12, 2023** if your child is chosen to participate. If accepted, you will receive more details regarding the camp. If you have any questions about SATS Camp, please visit our website <https://www.bio.fsu.edu/osta/camp.php> or email us at wmturner@fsu.edu. Thank you for your application to our free science camp!

Sincerely,

Bill Turner
