

The tRNA Genes of *E. coli*

Gene:

Gene Product:

Nucleotide count: transcript:
 gene product:

Gene Product Function:

 Codon:
 Anticodon:

Map Position: [minutes and kilobasepairs]

Gene cluster:

Neighboring Genes: Upstream:
 Downstream:

Promoter sequence:

Terminator sequence:

GenBank Accession Number:

Sequence: [Indicate your gene sequence (underline) and also the
 promoter and terminator]

References: [At least three]

[page two of this report is the labeled secondary (clover-leaf)
structure of your tRNA gene product]
